WHAT DOES BECOMING A TRUSTEE MEAN?

Becoming a Trustee is a hugely rewarding experience. You will have the opportunity to shape the direction of our charity and make a real difference to the lives of others.

We are seeking a skilled and experienced finance professional who lives in Calderdale, to play a pivotal role in shaping our financial strategies, ensuring transparency, and helping us achieve our mission.

We also encourage applications from people of colour, under 30s, and people living with disabilities to ensure our board represents the communities we serve.

As a member of our board, you will be responsible for providing strategic guidance and oversight to ensure we are fulfilling our mission and achieving our goals.

You will have the opportunity to work closely with our dedicated staff, service-users and volunteers to make a positive impact in our community.

If you are looking for a meaningful way to give back and make a difference, we encourage you to apply.

Join us today and help create a better future for all generations.

"I am proud to be a Trustee, helping to ensure we strive to achieve our vision of creating 'a better future for all generations'. Our Trustees are representatives from all aspects of the community and are helping to shape the future for their communities. Want to help your community? Then why not become a volunteer Trustee and make a difference?"
